

Classic Black

The most recognizable of all of the Smiths ranges, the classic black faced gauge was not only the choice for such manufacturers as Aston Martin, Lotus and MG but also for every enthusiast looking to add to or replace instruments in their vehicle. This is the classic font from the 60's and 70's but we also have the manufacturer specific fonts in other ranges.

Smiths Gauges

For generations, Smiths gauges have set the standard in quality instruments and gauges for classic cars.

Starting with the original Smiths tooling, we employ only the finest materials and craftsmanship for each and everyone of our instruments, which means, not only are you assured of owning the original but undoubtedly the best, so why settle for anything less.

Smiths instruments are manufactured in the UK by Caerbont Automotive Instruments.

AC Cobra Gauges

Smiths gauges were originally chosen by AC and Carol Shelby for the iconic Cobra sports car. Now you can equip your own Cobra with the same instruments as used in the original.

For people seeking the ultimate in authenticity the speedo is also available in reverse wind (counter clockwise) operation as fitted to the original Cobra. Electric gauges are also available as an alternative to the original mechanical gauges.

Smiths Cobra range, the only choice for Cobra builders!

TEMPERATURE BULB TYPES A2 & K2

A2

K2

TEMPERATURE BULB TYPES A2 & K2

A2 BULB

Common in A & B Series Engines the bulb has a tapered seating and a 5/8 x 18 UNF Male Nut.

We recommend a #9917 brass adaptor for a good seal, better internal clearance and to stop the male nut fusing into the head

Common in Big Healey, Jaguar etc the bulb has a 3/8 Female Nut.

It is supplied with either;
a 3/8 BSP Male to 5/8 x 18 Male
(#31-363-415) ; or
a 3/8 BSP Male to 3/8 NPT Male
(#31-363-472-00)

Motorsport

The Smiths Motorsport range is for the racing enthusiast who is looking for that something extra.

The classic tachometer keeps that classic look but with a C type scale and larger diameters.

The ProSport Plus and ProSport F1 Tachos match the modern styling of the Telemetrix range of gauges as well as providing max revs recall and a three stage shift light in the ProSport F1.
